[Despatch Abstract.]

Labour — Transport by water in minor ports in the State — Public utility service under the Industrial Disputes Act — Declaration

Al.No.3808/50

Office of the Commissioner of Labour,
Chepauk, Madras, dated 30th May 1950.

From

Sri C.G. Reddi, Commissioner of Labour,
Madras.

To

The Secretary to Government,
Development Department,
Fort St.George, Madras.

Sir,

Sub:-LABOUR - Industrial Disputes Act, 1947 -
Transport by water in minor ports in the State -
Public Utility Service.

Ref:-Memorandum No.15169 PI/50-5, Development
dated 6th May 1950.

---

The Government have declared the following industries in the Province of Madras as Public utility service:---

i) Sugar industry in the State.

ii) Electric Tramway Services, Motor Transport Services and Cotton Textiles industry.

iii) Salt Industry and

iv) Coal Industry.

v) Transport by boats in minor ports.

2. 2. It has been mentioned in the notifications that the orders were issued a public interest required them. While declaring transport by boats in minor ports to be public utility service, there seems to be no valid reason to restrict the area to a particular port viz. Tuticorin. I, therefore, recommend that the Government may be pleased to declare transport by water in all minor ports in the State to be a public utility service as it has been done before.
